

BRAVE QUEEN ESTHER

Esther the Queen

(Emma Pears)

Orphaned child with her uncle Mordecai
Beautiful Esther, she caught the king's eye
Stunning and lovely like he'd never seen
Soon the king chose her as his queen

Haman hated the Jews in the land
He was wicked and put into action a plan
To have them all killed; from the old to
the young
The deal was signed and done

*Esther was beautiful, Esther was brave
Esther risked death so her people were saved
In a place of power, for that very hour
She knew that she must do
What no-one else could do
Brave queen Esther*

Esther approached the king on his throne
Bold, uninvited she stood there alone
But instead of the death
That she feared he would give
He gave a sign so she could live

Esther told the king of the plan
To wipe out her people
Every woman, child and man
The king was angry, took Haman away
The Queen had saved the day

Esther was beautiful, Esther was brave...

God had put her in just the right place
To save her people from death
She needed to be courageous and strong
God had a plan all along

*Esther was beautiful, Esther was brave
Esther risked death so her people were saved
In a place of power, for that very hour
She knew what she must do*

(Repeat)
