

DO THE RIGHT THING

Shadrach and the Furnace

(Doug Horley)

*Do the right thing, do the right thing
Do the right thing, wo-oah
Do the right thing, do the right thing
Do the right thing
(Repeat)*

O Shadrach, Meshach and Abednego
They faced a tough choice in the way to go
Would they worship the idol of the king...?
They said
"No way, no way
Our God's God
And we will worship only him"

Do the right thing, do the right thing...

The king said "Ok, have it all your way
This blazing fire will really spoil your day"
They said "Our God can save us but,
oh king...
Know this

If not, guess what
Our God's God
And we'll still worship only him"

*Do the right thing, do the right thing...
(Repeat)*

They fanned the flames
And they rose higher and higher
Then threw them headlong right into the fire
Could not believe it did not kill them dead...
King said
"It's true, it's true
Your God's God
Now I will worship him instead"

Will you be someone who'll say
"I'm living my life God's way"
Even when you know that the cost may
be high?
Each day so many voices
Require us to make choices
Choose for God, oh choose for him

*Do the right thing, do the right thing...
(Repeat)*
